Proceeds benefiting The Minnie Pearl Cancer Foundation

2006: Fine Art Published in Nashville Business Journal Book of Lists

Art Directed award winning music videos and films

Being creative all of my life, I began early constructing costumes for my "lady wrestling career" while designing and sewing clothes and costumes for my younger sister and my friends. Instead of baby sitting, I began making custom pen and ink drawings of Memphis homes for spending money. I continue using these skills today while designing and making anything that inspires my creativity.
